

How to Install

No need to remove feeder before installing.

1. Mount black coupler around pole 4 to 5 feet above ground.

2. Unsnap baffle at seam with inward pressure.

3. Slip seam of baffle around pole and above coupler.

4. Snap seam and hook together with inward pressure.

Use Stokes Select® Squirrel Feeders & Accessories to Deter Squirrels from Bird Feeders

Other Squirrel Proofing Tips

- Place pole at least 15 feet away from any place a squirrel could jump from
- To help divert squirrels from bird feeders, use Stokes Select® Squirrel & Critter Food placed away from bird feeders.
